Work Experience

UX Design Intern, athenahealth

Jun 2023 - Aug 2023

B2B SaaS healthcare company with 6000+ employees

Boston, MA

Owned end-to-end redesign of Web B2B medical billing portal to help
100+ corporate billers efficiently make payments and file disputes on
invoices

Increased user satisfaction rating by 84% by iteratively redesigning
medical dispute workflow in Agile sprints, collaborating with cross-
functional scrum team (Product, Engineering, UX)

Visualized complex processes by creating a user flow map and
developing high-fidelity prototypes, communicating the redesigned bill
dispute process

Conducted resonance testing with 5 corporate billers, incorporating
insights to tailor service to urgent care's unique workflows

UX Research Intern, Ringle

Apr 2022 - Jul 2022

B2B/ B2C English tutoring platform with 100+ employees

South Korea

Led foundational qualitative research to develop user personas for online
platform (20,000+ MAU)

Planned and conducted 15+ in-depth user interviews to uncover distinct
motivations and behaviors, forming the base of new UX strategy and
marketing campaigns

As the company's first UX research hire, established user research
interview guidelines used by 8 designers for 30+ research sessions

UX Design Co-op, NH Investment & Security

Mar 2020 - Jun 2020

Top-4 Investment company in Korea

South Korea

Led 0 to 1 design of new ESG investment mobile app targeting millennials
in partnership with product designers and investment professionals

Created app's personalized investment recommendation system that
attracted 25,000+ new millennial users.

Won 2021 iF Gold Award (Top 75 out of 10,000+ submissions. Ranked #1
overall for Service Design) for visually appealing app system design

UX Designer & Co-founder, Pavilion

Dec 2019 - Mar 2020

Student-initiated AI startup

South Korea

Spearheaded the MVP design of web-based AI vocal analysis software
as a solo designer collaborating with AI engineers, software engineers,
product managers, and marketers

Shaped product direction through diverse user research methodologies
(competitive analysis, user interviews), ensuring strong product-market fit
